EXPERIENCE

Application Development Intern

Concepcion Business Services, Inc.

Nov. 2025 – Apr. 2026

Alabang, Muntinlupa City

- Developed internal applications that improved efficiency and reduced support requests.
- Enhanced and maintained legacy web applications to improve user experience and workflows.
- Built full-stack web application features using HTML, CSS, JavaScript, C Sharp, .NET, and MS SQL.

Agent-In Customer Service 2

ibex.

July 2023 – February 2024

Alabang, Muntinlupa City

- Resolved customer concerns through chat and phone support for online and in-store purchases.
- Maintained a 5–6 minute average handling time while ensuring accurate documentation.
- Consistently achieved performance targets and high customer satisfaction ratings.

PROJECTS

Sandro's Nook | *HTML, CSS, PHP, JavaScript, MySQL, IoT*

Nov. 2025 – Jan. 2026

- Led the development of Sandro's Nook, an IoT-integrated bookstore and café management system for a capstone project.
- Implemented product browsing, virtual cart management, checkout processing, and automated inventory updates.
- Designed and managed the database, admin dashboard, and transaction workflows to improve operational efficiency.
- Created a responsive and intuitive interface that enables customers and administrators to efficiently navigate system features.

Chapter Notes | *Java, XML, SQLite, Android Studios*

Sept. 2023 – October 2023

- Developed Chapter Notes, an Android mobile application using Java and XML to help users organize and track their reading activities.
- Implemented book management features, including to-be-read lists, completed book tracking, and book rating functionality.
- Designed and built a user-friendly interface in Android Studio to enhance navigation and user experience.
- Applied object-oriented programming and Android development principles to create a functional, locally stored mobile application.
